## ADDING XWLK

ACTION: S SCREEN: XWLK USERID: CAS1

C R O S S W A L K   T A B L E

  

DEPARTMENT = -

FISCAL YEAR =

STATUS : -

DATE LAST CHG: / /

USERID LAST CHG:

  

|           | DEPT<br>CODE | STATE<br>CODE |
|-----------|--------------|---------------|
|           | =====        | -----         |
| FUND =    |              |               |
| AGCY =    |              |               |
| ORGN =    |              |               |
| SUB-ORG = |              |               |
| APPR =    |              |               |
| ACTV =    |              |               |

The following is a list of XWLK's key fields:

|                    |                       |
|--------------------|-----------------------|
| Department         | Fiscal Year           |
| AFNS Fund          | AFNS Agency           |
| AFNS Organization  | AFNS Sub-Organization |
| AFNS Appropriation | AFNS Activity         |

To add a new XWLK record, sign-on to FXTC and go directly to the XWLK table (FRMS Major Account Codes Crosswalk).

- Enter an "a" in the ACTION field.
- Enter your password in the USERID field.
- Enter your three-digit agency code in the DEPARTMENT field.
- Enter the appropriate fiscal year in the FISCAL YEAR field. This is a two digit field therefore only enter the last two digits of the budget fiscal year.

- Enter "1" (one) in the STATUS field.
- Enter the AFNS codes in the DEPT CODE column.
- Enter the CAS codes in the STATE CODE column. Departments that require more detailed records than the Comptroller's Office will have multiple AFNS codes converting to one CAS account coding. However there are departments in which the AFNS codes and CAS codes are the same.
- Press the "Enter" key. Check the message at the bottom of the screen.

"01-\*L030 ALL LINES ADDED"

The STATUS description will state:

"ACTIVE"

The XWLK record is now ready to use.

## CHANGING XWLK

ACTION: S SCREEN: XWLK USERID: CAS1

### C R O S S W A L K   T A B L E

```

DEPARTMENT = -
FISCAL YEAR =
STATUS : -
DATE LAST CHG: / / USERID LAST CHG:
  
```

| DEPT<br>CODE | STATE<br>CODE |
|--------------|---------------|
| =====        | -----         |
| FUND =       |               |
| AGCY =       |               |
| ORGN =       |               |
| SUB-ORG =    |               |
| APPR =       |               |
| ACTV =       |               |

The following is a list of XWLK's key fields:

|                    |                       |
|--------------------|-----------------------|
| Departmen          | Fiscal Year           |
| AFNS Fund          | AFNS Agency           |
| AFNS Organization  | AFNS Sub-Organization |
| AFNS Appropriation | AFNS Activity         |

To change an existing XWLK record, sign-on to FXTC and go directly to the XWLK table (FRMS Major Account Codes Crosswalk).

- Enter a "g" in the ACTION field.
- Enter your password in the USERID field.
- Enter the key fields of the record you want to change. When using the "get" action you must enter all key fields.
- Press the "Enter" key.

- The requested record will display on the screen with no message.

\*When the system cannot match the key fields to a XWLK record, a message at the bottom of the screen will state "01-\*L004 LINE NOT FOUND". Verify and correct the data in the key fields and try again.

- Enter a "c" in the ACTION field.
- Enter a "9" (nine) in the STATUS field. Invalid data in the key fields cannot be changed. To correct this, the status on the XWLK table must be changed to "9" (nine).
- Enter the new data over the existing data in the result fields. The following is a list of the XWLK's result fields:

|                   |                      |
|-------------------|----------------------|
| CAS Fund          | CAS Agency           |
| CAS Organization  | CAS Sub-Organization |
| CAS Appropriation | CAS Activity         |
| Status            |                      |

- Press the "Enter" key. Check the message at the bottom of the screen.

"01-\*L030 ALL LINES CHANGED"

The STATUS description will state:

"INACTIVE"

- Enter a "c" in the ACTION field.
- Enter a "1" (one) in the STATUS field.
- Press the "Enter" key. Check the message at the bottom of the screen.

"01-\*L030 ALL LINES CHANGED"

The STATUS description will state:

"ACTIVE"

The XWLK record is now ready to use.

## INACTIVATING XWLK

ACTION: S SCREEN: XWLK USERID: CAS1

### C R O S S W A L K   T A B L E

DEPARTMENT = -  
FISCAL YEAR =  
STATUS : -  
DATE LAST CHG: / /      USERID LAST CHG:

|           | DEPT<br>CODE | STATE<br>CODE |
|-----------|--------------|---------------|
|           | =====        | -----         |
| FUND =    |              |               |
| AGCY =    |              |               |
| ORGN =    |              |               |
| SUB-ORG = |              |               |
| APPR =    |              |               |
| ACTV =    |              |               |

The following is a list of XWLK's key fields:

|                    |                       |
|--------------------|-----------------------|
| Department         | Fiscal Year           |
| AFNS Fund          | AFNS Agency           |
| AFNS Organization  | AFNS Sub-Organization |
| AFNS Appropriation | AFNS Activity         |

A XWLK record cannot be deleted from the on-line screen but the record can be marked "Inactive". Each year in the month of June a program is run to delete all inactive crosswalk records. XWLK records can be inactivated if there are errors in any of the key fields or if the department does not want transactions to process through integration using a specific account coding.

XWLK records with an "Inactive" status can be switched to an "Active" status by changing the status from "9" (nine) to "1" (one).

To inactivate a XWLK record, sign-on to FXTC and go directly to the XWLK table (FRMS Major Account Codes Crosswalk).

- Enter a "g" in the ACTION field.
- Enter your password in the USERID field.
- Enter the key fields of the record you want to inactivate. When using the "get" action you must enter all key fields.
- Press the "Enter" key.
- The requested record will display on the screen with no message.

\*When the system cannot match the key fields to a XWLK record, a message at the bottom of the screen will state "01-\*L004 LINE NOT FOUND". Verify and correct the data in the key fields and try again.

- Enter "c" in the ACTION field.
- Enter a "9" (nine) in the STATUS field.
- Press the "Enter" key. Check the message at the bottom of the screen.

"01-\*L030 ALL LINES CHANGED"

The STATUS description will state:

"INACTIVE"

The XWLK record is now inactive and cannot be used.

"01-\*L030 ALL LINES CHANGED"

The STATUS description will state:

"INACTIVE"

The BRWK record is now inactive and cannot be used.

## **STATUS CODES**

Status code of 0 (zero) -- "INITIALIZED, NOT READY FOR USE".

Departments that do not want transactions processed using a specific account coding can change the status to 0 (zero) on any of the crosswalk records. All records that have a 0 (zero) status code, will not allow transactions to process through integration. These records will not be deleted when the program runs to drop all records with a status of 9 (nine). At any later date the crosswalk record's status can be changed to active or inactive.

Records with a status code of 0 (zero) will not create a new fiscal year record.

Status code of 1 (one) -- "ACTIVE".

Records with a status code of 1 (one) are used for the daily integration processing of transactions.

The rollover process creates the new fiscal year records from the existing records that have a status code of 1 (one).

Status code of 9 (nine) -- "INACTIVE".

All records with the status code of 9 (nine) will drop from the crosswalk tables when the delete program is run each year in the month of June.

Departments that do not want transactions to process through integration for a specific account coding can change the status code to 9 (nine). At any later date the crosswalk record's status can be changed to active or initialized, not ready for use.
